Responsible Beverage Server Training Entry (NPIRS)

- Add a new activity
- Page 1:
    - Enter Date
    - Activity: Select Responsible Server Training
    - Recurring Activity: Pre-populated as No
    - Physical Location: No
    - Coverage Areas: Select region/county/city/ zip code that the trainees will be serving
        - I.e.: Training took place in Douglas County so the trainees will be serving in Douglas County. For more rural areas, select counties served as you see appropriate.
    - Evidence based, intervention type, and strategy will prepopulate
    - Method Approach: Select
    - Answer training question: Yes or No
    - Select (if applicable) groups targeted by info dissemination due to the responsible beverage server training results
    - Target Population: Business & Industry
    - Primary Problem: Underage Drinking
    - Secondary Problem: Select
    - Intervening Variables: Select
- Page 2:
    - Population served should reflect the <u>individuals trained,</u> not the population where the training took place.
        - *When running reports, we can reflect how many individuals have been trained, not only the population of the county that they will serve.
    - Enter demographics (as available) in accordance with the population of the individuals trained
- Page 3:
    - Select funding source
    - Sessions: NA
    - Program Length: NA
    - Fill out fidelity questions
    - In comments: Provide additional information such as specific business's that were in attendance
